ABOUT US

Wakala is a private consulting bureau that specialises in African development projects across 7 divisions:

- Commodity buying & selling
- Mining services
- Wholesale & resale of consumer goods
- Government & state owned enterprise projects
- Land development & infrastructure financing
- Tenders
- Mergers & acquisitions (private placement, private equity, venture capital)

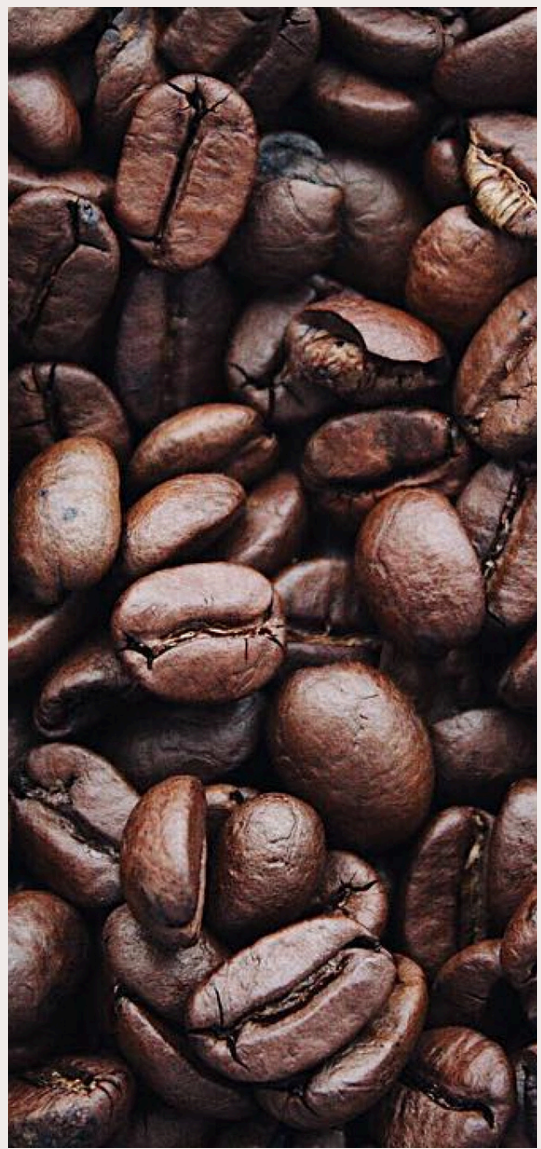

We offer worldwide freight forwarding and logistics expertise for shipments into and out of Africa. Our network of operators and agents spans thousands of transport and clearing companies.

Our commodities, products, and services are purchased using zero-harm, net-zero processes. At each stage of service delivery we evaluate measures to regenerate the environment.

We represent investors, institutions, governments, manufacturers, distributors, agents, and contractors who are licensed to operate in all 54 African countries.
